ENGR. AIDA M. SILONGAN, MAPD
Minister
Ministry of Science and Technology

Dear Minister Silongan:

Assalamu alaikom warahmatullahi wabarakatuhu!

Relative to the efforts of BARMM Government in strengthening its Disaster Risk Reduction and Management, a partnership with the Food and Agriculture Organization (FAO) of the United Nations was forged to undertake the Vulnerability and Risk Assessment and Mapping (VRAM). VRAM is a tool for immediate assessment of risks/hazards/vulnerabilities, their impacts, and scale of possible affected communities.

The members of the BARMM Anticipatory Action Technical Working Group has unanimously agreed that Bangsamoro READi will host the VRAM Dashboard. VRAM Dashboard is a technical tool bearing crucial data during disaster preparedness and response. Thus, a training for its operation and maintenance must be conducted prior to its turn-over to BARMM.

In line with this, may we invite your focal person for AA TWG to participate in the VRAM Dashboard Operation and Maintenance Training on May 19, 2022 at 9:00 Am-3:00PM, in Bangsamoro READi Conference Room to be spearheaded by FAO's partner – Voluntary Service Overseas (VSO).

For queries and further details, your staff may contact Ms. Jihada K. Maisalat through mobile number 0919-096-2864.

We are hoping for your favorable response. Thank you.

Very truly yours,

ATTY. NAGUIB G. SINARIMBO
Minister/Head, MILG-Bangsamoro-READi
